

Built by the US Navy in 1992, the Transporter is a tough vessel suited for remote operations in Alaska. Refit in 2024 with a large cabin and raised wheel house, The Transporter can support on water projects and transport up to 80,000 pounds of freight. With modular housing units, the Transporter can house up to six passengers overnight. The USCG has awarded the Transporter a 5-Star safety rating as an uninspected vessel.
