info@sundogcharters.com

M/V Sundog was custom built in Alaska for commercial operation. With a cargo capacity of 12,000 pounds, Sundog can transport large loads and equipment to remote beach sites without docks. Modular construction allows for cabin reconfiguration or removal to meet customer needs. A full cabin and additional modular deck seating can accommodate up to 6 passengers in comfort. Sundog is fitted with a trailer allowing road travel to your work site.
